ACCESSORIES

COMPACT PRO DATASHEET

PLUG & PLAY MULTI-PARAMETER PORTABLE UNIT

MAIN FEATURES

IP67 rated for dust tightness and immersion in water up to 1 metre.

Excellent impact resistance for use in the most challenging environments.

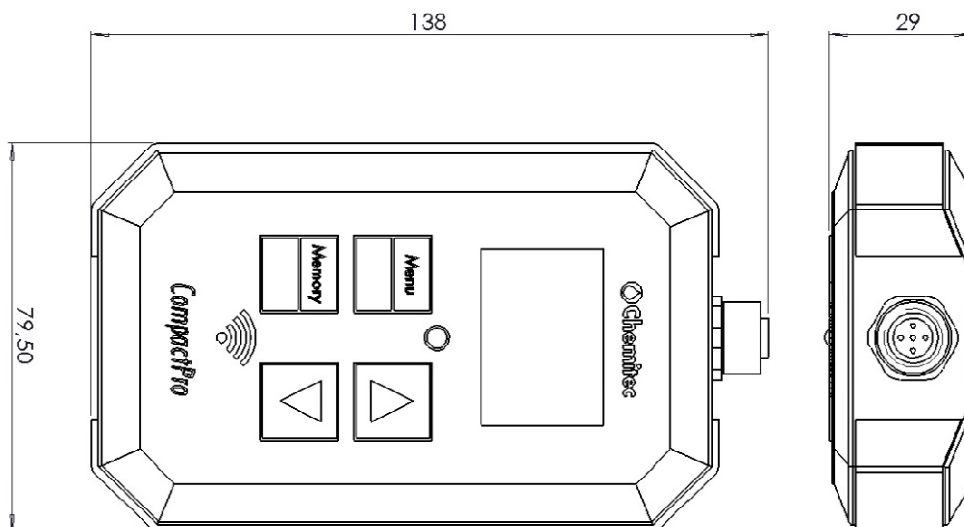

MEASUREMENTS

- pH + temp S401 dig/n
- ORP + temp S406 dig/n
- Conductivity S411 dig/n
- Dissolved Oxygen + temp S423/C OPT
- Turbidity S461LT-TN
- Suspended solids S461S
- Ammonium S470N NH₄

TECHNICAL DATA

Display	2" monochrome TFT LCD
Dimensions	138 x 79,5 x 29mm
Battery	Non-removable lithium (LiPo) 1400mAh wireless charging via dedicated PAD
IP Grade	IP 67
Barometer	Integrated atmospheric pressure sensor
Response Time	T90 < 60s
Weight	210g without sensor
Kit	Wireless power supply - shockproof carrying bag (optional hard case)
